

**WELCOME**  
to the program  
**Master of Science**  
*Computational Linguistics*

Stefanie Anstein  
October 2023

# Overview

- 1 Introduction – who we are ...
- 2 Program of study: M.Sc. CL
- 3 Further useful information
- 4 Next steps

**Introduction – who we  
are ...**

**1**

# IMS chairs / departments / research clusters

- **Prof. Sebastian Padó**, PD Dr. Klinger & many more:  
 computational semantics / (word) meaning, multilinguality, text mining, social media analysis, computational social science, discourse studies & much more
- **Prof. Jonas Kuhn**, Prof. Schulte i.W. & many more:  
 structural processing / syntax, text studies, semantic relations, computational social science, digital humanities, research infrastructure & much more
- **Prof. Thang Vu**, Dr. Schweitzer, Dr. Wokurek & many more:  
 digital phonetics, speech recognition/synthesis, spoken language understanding, dialogue systems, deep learning & much more
- **Jun.-Prof. Carina Silberer** & her group:  
 semantic models via machine learning, language and vision, grounding, computational semantics & much more

# More IMS research groups and associated teams

- **Emmy Noether Group** 'Computational Models of Misunderstanding':  
**Dr. Michael Roth**
- **BMBF group E-DELIB**  
'Powering up E-DELIBeration: towards AI-supported moderation':  
**Dr. Gabriella Lapesa**
- **Junior professorship** 'Psycholinguistics and Cognitive Modeling':  
**Jun.-Prof. Dr. Titus von der Malsburg**
  - human sentence comprehension
  - experimental research using eye-tracking, large-scale crowdsourcing, electric brain potentials etc.
  - computational cognitive modeling
- **SimTech Tenure-Track Professorship** 'Computational Cognitive Science':  
**Jun.-Prof. Dr. Benedikt Ehinger**
  - visual cognitive science
  - behavioral, EEG and eye-tracking experiments
  - statistical modelling
- ... and many more

University of Stuttgart

International Service Point (ISP) | Faculty 5

Pfaffenwaldring 47 | Room 4.270

+49 (0)711 685 -67926 / -67277

[internationalstudents@f05.uni-stuttgart.de](mailto:internationalstudents@f05.uni-stuttgart.de)

## Our monthly mailing!

Stay up to date on **important information and events for international students of our faculty!**

## NEW FÜSQ: Intercultural Training in Academic Context - An Overview of German Particularities in Academic Life, Communication and Understanding

- **Special offer for international students of Faculty 5 – for free!** - organized by the Language Center (SZ)
- Get important information and useful advice on how to make your studies in Germany a success!
- Workshop dates (2 weekends): Nov. 25./26. and Dec. 9./10.
- Credits (FÜSQ)
- Limited places!
- **Registration on C@mpus: Oct. 9-18, 2023**

## Upcoming events for International students of Faculty 5

- **International Days** | Nov. 14 - Nov. 17  
among others: Career Workshop for International Students | Indian Night | Going Abroad Session | Training „How to survive in Germany“ ^^
- **Semester Opening** | Nov. 30
- **Working in the Stuttgart Region** | Jan. 24
- **Company Visits:**  
ads-tec Energy GmbH | Dec. 8, 2023  
Bosch Research | Jan. 26, 2024
- *To be continued...*

**Program of study:  
M.Sc. CL**

**2**

# Program of study

- regular duration: 4 semesters (max. duration: 9 sem.)
- consists of several **modules**
  - module duration: 1-2 semesters
  - can contain 1 (or more) **course(s)**  
(= lectures, seminars, lab sessions ...)
- module descriptions: module handbook (PDF; via book icon in C@MPUS – “My Study Program”)
- ECTS credit point (CP) = *Leistungspunkt* (LP)
  - measurement of working load (1 CP = 30h) & weight for the calculation of the final M.Sc. grade
  - 2 SWS/SH/SSSt = 1,5h/week = usually 3 CP/semester  
(there are exceptions, e.g. the “Project Seminar CL” or modules from the linguistics department)
  - 120 CP needed for M.Sc. degree;  
30 CP per semester = 20 SWS = 10 x 1,5h per week
  - are given for complete modules

# Study plan suggestion (flexible!)

program structure MSc CL PO 2017, Uni Stuttgart

Semester	Obligatory modules	Elective modules	Other	ETCS Credit Points
1 (WiSe)*	Methods in CL ** [8SWS*** 12CP]	Elective courses worth ca. 18CP		30
2 (SoSe)*	CL Team Lab ° [4SWS 6CP]	Elective courses worth ca. 18CP	Key competences °° [2SWS 3CP]	27
3 (WiSe)*	CL Research Module ** [4SWS 9CP]	Elective courses worth ca. 24CP		33
4 (SoSe)*	Master's thesis [30CP]			30
Colour key:	IMS	IMS & Computer Science / Linguistics Departments	across UniS	

\*) For a start in the summer semester, it is recommended to interchange obligatory modules.

However, the CL Team Lab is not recommended for 1st semester students without background in CL.

\*\* ) Offered in winter semesters

\*\*\*) 2 SWS = 1,5h/week

°) Offered in summer semesters

°°) Is also possible in any other semester

# (Suggestion for non-CL graduates starting in summer)

recommendation for non-CL graduates starting in summer term				
Semester	Obligatory modules	Elective * modules	Other	ETCS Credit Points (CP)
1 (SoSe)		Elective courses worth ca. 30CP		30
2 (WiSe)	Methods in CL ** [8SWS*** 12CP]	Elective courses worth ca. 3CP	Key competences °° [2SWS 3CP]	27
	CL Research Module ** [4SWS 9CP]			
3 (SoSe)	CL Team Lab ° [4SWS 6CP]	Elective courses worth ca. 27CP		33
4 (WiSe)	Master's thesis [30CP]			30
Colour key:	IMS	IMS & Computer Science / Linguistics Departments	across UniS	

\*) choose 1 of 3 subcatalogs from Electives/CompLing/ as primary catalog with min. 18 CP, the other 2 with min. 6 CP each

\*\* ) offered in winter semesters

\*\*\* ) 2 SWS/SH = 1,5h/week

° ) offered in summer semesters

°° ) also possible in semesters 3 or 4

# Program of study ctd.

## Details about modules

- “Methods in Computational Linguistics”  
(12 credit points; first (winter) semester; highest priority!)
  - option for MSV/CL graduates: choose 2 advanced courses instead
    - Introduction to Deep Learning for Speech and Language Processing (winter)
    - Statistical Dependency Parsing (usually winter, needs to be paused this term)
    - Grammar Formalisms and Grammar Engineering (winter; not for Stuttgart MSV graduates)
    - Text Technology (summer)
    - Machine Translation (summer)
- “Computational Linguistics Team Laboratory”  
(6 credit points; second (summer) semester)

# Program of study ctd.

Elective modules (60 credit points)

- choose 1 primary sub-catalog (at least 18 credit points) and 2 secondary catalogs (at least 6 credit points each) from the “Computational Linguistics” catalog
- choose primary/secondary catalogs from
  - Core Computational Linguistics
  - Applied Natural Language Processing
  - Speech Processing
- the remaining modules (30 credit points) can be chosen freely from all offered catalogs (largest choice: Computer Science)
- NB: Linguistics modules are \*not\* meant for combination: their requirements depend on their size (different paper lengths for different number of credits)

# Program of study ctd.

Elective modules (60 credit points)

- if a module is not (yet) listed in our module handbook, ask S. Anstein if it can be imported (12 CP from Bachelor programs possible)
- special module: “Project Seminar Computational Linguistics” (2 SWS → 6 CP by doing additional project on top of an IMS seminar)
- special module: “R&D Practical Project for CL” (6 CP for external internship or independent research project)
- Erasmus CPs can also be used as electives

**Please note:** Each course can be used only once – to prove this and to help us entering your grades, you’ll need to submit your course-module mapping each semester (see email reminder). You can find the possible mappings in C@MPUS (via “Course catalog” – “Status within Curriculum”).

# Program of study ctd.

Key competences (3 credit points)

- modules for general competences (“Schlüsselqualifikation” = SQ)
  - e. g. presentation modalities, time / project / knowledge management, ...
  - can be done in any semester; only online registration possible before semester start: <http://www.uni-stuttgart.de/sq>
  - can be found in C@MPUS at “Central facilities – Central Facility Zentrum für Lehre und Weiterbildung der Universität Stuttgart – Central office Fachübergreifende Schlüsselqualifikationen – Courses”
  - possible at the Language Center: advanced language courses
  - Language Center also offers SQ courses during semester breaks
  - You’ll get an email with the registration dates!

# Program of study ctd.

Later obligatory modules

- Research module (9 credit points)
  - Research seminar
    - preparing Master's thesis: reading research papers, possibly finding topic for your thesis; grade: writing proposal & presenting thesis & passing oral exam
    - can be taken "remotely" (studying abroad, internship)
    - should be taken in 2nd semester by students who started in summer term
- Master's thesis (30 credit points)
  - need at least 60 credit points to start with Master's thesis

**Please note:** This is an idealised scheme of the program – you can do it differently, just don't exceed the maximum duration of 9 semesters! For students who start in summer term, an individual plan can be developed together with S. Anstein (according to your background).

**Further useful information**

**3**

# Useful information

- German language course / “tandem” advisable
  - binding version of University documents: in German
  - to make the most of your life in Germany :)
  - check C@MPUS > Central Facilities > Language Center > German > Section I: German as a Foreign Language: Interdisciplinary Key Qualifications (FSQ) > German as a Foreign Language: Special offer for study programs
- some students got an “admission with requirements” (*Auflagen*)
  - see C@MPUS account; recommended to take the oral exam asap (self-studying) / programming course available in winter (no credits)
  - please register in Nov/May; you will get another email with more information
- please participate in evaluations
  - course evaluations, carried out during semester
  - module evaluations, carried out after end of semester/exams (by email)

## Useful information ctd.

- exam regulations (binding version: German; indicative translation link see handout)
  - important information is also available in English on the websites and on the handout (if in doubt, please ask!)
  - describe obligatory modules & define electives
  - determine number of possible repetitions and maximum length of the study, extensions and exceptions etc. (for academic accommodations due to special circumstances see also <https://www.student.uni-stuttgart.de/en/organizing-studies/disability>)
- exams
  - written or oral exam (during the semester or at the end of the semester)
  - ungraded exam: passed / failed
  - graded exam:  
1,0 (excellent) / 1,3 / 1,7 ...– 4,0 (acceptable)
  - hint: there might be some preconditions to fulfill in order to be allowed to take part in an exam, e.g. exercises etc.

## Useful information ctd.

- registration for exams / **modules**
  - exact exam dates are announced in the lectures (can also take place in lecture-free period!)
  - register online in C@MPUS
  - each exam has to be registered during the registration period (as announced by the University: May/June & November/December) – otherwise participation is not possible (screenshot of registrations recommended)

## Useful information ctd.

- postponing / repeating exams
  - you can only repeat exams you have failed
  - you can withdraw from an exam until 7 days before the exam takes place (otherwise, a medical certificate is needed as soon as possible in order for the exam not to count as “failed”)
  - failed exams can be repeated once; this has to be done within 2 semesters; re-registration necessary!
  - 2 failed modules can be dropped
  - a second repetition of a module exam (type “PL”, see module handbook) is only allowed in 3 cases in total

---------------------------------	-----------------------

---

17. Prüfungsnummer/n und -name:	• 72381 Methods in Computational Linguistics (PL), , Gewichtung: 1 • V Vorleistung (USL-V), • Methods in Computational Linguistics, Prüfungsleistung (PL), Schriftlich oder Mündlich, Gewichtung: 1
---------------------------------	--

---

# Useful information ctd.

- C@MPUS online portal
  - contains all currently offered courses (+ descriptions) and the modules (+ descriptions) they can be used for
  - personal timetable can be created (by registering for courses: non-binding)
  - (de-)registration for exams (binding)
  - document downloads: transcript, enrollment certificate
  - <https://campus.uni-stuttgart.de>

# Useful information ctd.

- ILIAS platform
  - is used to share information (slides, literature, ...) for courses (provided by the lecturers)
  - when you register the course in C@MPUS you will automatically be in the corresponding ILIAS course (if there is one for this course)
  - please also join the group “Studying @ IMS” for various useful information (including forum “Ask me anything”): path: Repository – Engineering – Maschinelle Sprachverarbeitung / Computational Linguistics – Arbeitsgruppen – Studying @ IMS
  - <http://ilias3.uni-stuttgart.de>

# For you to do ...

- take a look at
  - the current course offerings for CL in C@MPUS:  
in the curriculum tree view, click on the calendar icons to see all current courses in that catalog
    - choose around 30 CP / 20 SWS / 10 slots (check course combinations for modules)
    - hint for non-CL graduates: rather choose „lectures“ and overview / introductory courses in the beginning and „seminars“ on very specific topics only in the later course of studies (courses show specific prerequisites in C@MPUS; default: basic CL skills)
    - if you plan to focus on machine learning, work on your maths ...

# Finding your courses via C@MPUS:

University of Stuttgart  
Germany

## Some dates to save ...

- **IMS Student Meeting** with Prof. Padó:  
Thursday, Nov 9, 1:10-1:50pm
- binding module **exam registration period**: Nov 15 - Dec 7
- very important **exam registration info meeting**:  
Monday, Nov 20, 1:10-1:50pm
- public holiday (shops etc. closed!):  
November 01, 2023
- lecture break: December 23, 2023, to January 07, 2023
- (see <https://www.uni-stuttgart.de/en/study/application/academic-calendar>)

# Communication & responsibility ...

We rely on you **reading all your emails**, taking decisions, being pro-active, possibly extending your comfort zone ...!

- st12345@stud.uni-stutt... address  
<https://www.tik.uni-stuttgart.de/en/services-a-z/e-mail-00002>
- ILIAS email account (forwarding possible)
- all enrolled students will get an **IMS user account**
  - linux tutorial see <https://www.ims.uni-stuttgart.de/documents/team/schweitz/docs/linux.tutorial.pdf>
  - including an email account: `firstname.lastname@ims.uni-stuttgart.de`
  - you'll get an info e-mail to st address (default forwarding to st address)
  - student GPU servers
    - strauss, kiwi, nandu
    - If you use a student GPU server, make sure to be mindful of other people wanting to use it too. (With the command `nvidia-smi` you can see which GPUs have free capacity.)

# In case of any questions ... (1/3)

... please ask:

- **Stefanie Anstein**

degree program manager, student advisor &  
contact person examination committee

**If in doubt, please ask – the sooner the better ... :)**

(... and please use cc instead of single e-mails  
whenever you contact several persons, thanks.)

By the way, we're always grateful for feedback about  
how we could improve our services (websites, advising etc.)!

## In case of any questions ... (2/3)

... please ask:

- the coordinators of the International Service Point (ISP) of faculty 5 **Meta & Laura**:
- contact
  - [internationalstudents@f05.uni-stuttgart.de](mailto:internationalstudents@f05.uni-stuttgart.de)
  - +49 (0)711 68567926 (Meta) / +49 (0)711 685 67277 (Laura)
  - in person during their office hours in Pfaffenwaldring 47, Room 4.270 or online (on appointment)

## In case of any questions ... (3/3)

... please ask:

- our student representatives (room 00.015; fscl@listserv.uni-stuttgart.de; msv-cl.de – facebook groups and discord server)

## And now ...

- Follow us on our little virtual guided tour via <https://youtu.be/W-jEeIyjrUE> ...
- Ask questions, if there are any ...

Welcome at the IMS!
